Road to Registration for Candidate Engineers, Technologists and Technicians
Get Ahead! Get Registered!

Don't go just halfway to your dreams. You have your qualification - Now kick-start your career and work towards getting registered with ECSA

Being registered allows you to:
- Demonstrate your competence
- Gain recognition as a professional
- Earn more
- Boost your career prospects
- Work independently
- Add the designation Pr Eng, Pr Tech Eng or Pr Techni to your name

Attend this course and learn about:
- The level of competence required for registration
- How to plan the training that you need
- The ECSA registration process and how to fill in the forms and templates
- Your responsibilities during the candidate phase and your relationship with mentors and supervisors

Presenter:
Allyson Lawless Pr Eng, DEng *(hc)*
Stewart Gibson Pr Eng, FSAICE

COURSE DATES & VENUES

Scheduled courses are offered Online and face-to-face around the country based on demand. Please contact Lizélle for more information on upcoming courses.

TIMES: 08:00 for 08:30 to 16:30

REGISTRATION
To register, visit www.candidateacademy.co.za
For more details contact Lizélle at lizelle@saicepdp.org

WHO SHOULD ATTEND
The course is aimed at:
- Candidate engineers, technologists and technicians
- Graduates who are about to register as candidates

CESA
Consulting Engineers South Africa

saice

candidate academy
the road to registration – tower above the rest

PHILOSOPHY OF THE CANDIDACY PHASE
- Education levels
- Training opportunities per sector

COMPETENCIES
- The Project Cycle
- Core competencies
- Cross-cutting competencies
- Professional and other competencies
- The skills acquisition pyramid
- Outcomes

DEVELOPING HIGH PERFORMANCE PROFESSIONALS
- Why register?
- Becoming a high-performance professional

ROLEPLAYERS
- Candidates
- Supervising engineers/Coaches
- Mentors
- ECSA
- Mentoring vs Coaching

THE REGISTRATION PROCESS
- The registration process
- Practical training period
- Training plan
- Assessments
- The final report for submission to ECSA
- Continuing development
- Code of conduct

"... everyone got attention and enough opportunity to ask questions and interact with the speaker. This course is truly amazing! Suitable for everyone!

I am a Candidate Engineer and attending this course has given me better understanding of all the 11 ECSA outcomes I have to meet in order to become a PrEng. I learned about filling in TES, TER forms. The importance of reading the ECSA forms properly before submitting. I am motivated to start on this registration journey!"

ABOUT THE FACILITATORS

Allyson Lawless is a civil engineer experienced in structural, municipal and mining engineering. In the year 2000 she became the first female president of the South African Institution of Civil Engineering, and during that year recognised the looming skills challenge. Since 2003 her career has been focused on skills development and she has published two books, Numbers and Needs, and Numbers and Needs in Local Government, which address skills shortages and the associated solutions in civil engineering and local government respectively.

Stewart Gibson trained and qualified as a Civil Engineer in the UK before moving to South Africa in 1974 where he joined a major consultancy group, eventually becoming a Group Director. After 25 years with the group he left and formed his own company advising municipalities on ways of improving their service delivery as well as mentoring and assisting graduate engineers, technologists and technicians towards professional registration. As an active member of Toastmasters International, Stewart is a skilled presenter and facilitator. He is a Fellow of SAICE.

Benefits include:
- Portfolio of Evidence Development File manual - for filing your workplace training plans, time sheets, monthly reports, quarterly assessments and other reference material which may be necessary for producing your final project report
- Interactive exercises to help you learn fast
- Networking with other candidates in similar situations
- Help with filling in forms and planning your activities

candidate academy
the road to registration – tower above the rest

The Candidate Academy's philosophy is to support candidates on their road to registration with ECSA, by helping them through the transition from theoretical training to the 'how' of engineering projects and processes. The Academy offers practical, hands-on training relevant to experiences in the workplace.
