Road to Registration for Mature Engineers, Technologists and Technicians
Don't Wait! Get Registered!

A one-day course to discuss the registration requirements for engineers, technologists or technicians with 10 or more years of experience

Attend this course and learn about:

- What the ECSA requirements are for registration
- How to compile training/experience reports
- How to select appropriate activities for the final project or engineering report
- How to write a project or engineering report
- How to compile a pre-registration record of development
- How to complete discipline specific forms

In this workshop you will also fill in forms with guidance from an experienced mentor, and learn how to complete your application for submission. Follow-up meetings and consultations can also be arranged with the presenter so that candidates finally complete and submit their applications to ECSA.

Presenter:

Peter Coetzee Pr Tech Eng, MSAICE, FWISA
Stewart Gibson Pr Eng, FSAICE

COURSE DATES & VENUES

Scheduled courses are offered around the country based on demand. Please contact Lizélle for more information on upcoming courses.

TIMES: 08:00 for 08:30 to 16:30

REGISTRATION
To register, visit www.candidateacademy.co.za
For more details contact Lizélle at lizelle@ally.co.za

WHO SHOULD ATTEND

The course helps mature engineers, technologists and technicians who have 10 or more years of experience to understand the ECSA process and complete their submission.

WHAT TO BRING TO THE WORKSHOP

- A laptop and your CV
- If you have already started filling in your ECSA forms bring hard copies of the work done so far for review and discussion.

COURSE CONTENT

</div>

ECSA GUIDELINES
- The process
- The outcomes and level of responsibility required for registration
- Discipline specific considerations and range of forms to be completed
- Referee requirements

MATURE CANDIDATES
- Criteria and submission methodologies
- The submission approach for specialists
- Style of submission to demonstrate achievement of outcomes
- The size and structuring of the submission
- The review and interview process

COMPLETING FORMS
The afternoon session will be devoted to filling in ECSA forms. It would be an advantage if you write up two of the more recent periods of your experience on the appropriate A, B or C2.1 forms prior to attending. A full set of application forms can be downloaded from the ECSA website www.ecsa.co.za. Select the Registration option, followed by Registration Forms and download the appropriate form under New Registrations.

FOLLOW-UP SESSIONS
You may engage with the lecturer on a one-on-one basis after the course to guide you with completing your submission if required. The costs are outlined in the Fees section.

ABOUT YOUR FACILITATOR

Peter Coetzee obtained his National Diploma in Civil Engineering in 1970. He pursued a keen interest in water engineering and in 1980 wrote the CIWEM Diploma in the United Kingdom. He has had a long and successful career in the City of Johannesburg where since 1989 he was Operations Manager: Road Planning and Development, Chief Engineer: Water and Gas Management, Executive Director: Metro Gas, Strategic Executive: Municipal Infrastructure, Managing Director: Pikitup and Executive Director of Infrastructure. The bulk of his early career was spent in water and wastewater, and his later career in privatisation and the re-engineering of infrastructure departments. He is a Registered Professional; Technologist, Member of SAICE, Fellow of WISA and a retired Fellow of CIWEM.

Stewart Gibson trained and qualified as a Civil Engineer in the UK before moving to South Africa in 1974 where he joined a major consultancy group, eventually becoming a Group Director. After 25 years with the group he left and formed his own company advising municipalities on ways of improving their service delivery as well as mentoring and assisting graduate engineers, technologists and technicians towards professional registration. As an active member of Toastmasters International, Stewart is a skilled presenter and facilitator. He is a Fellow of SAICE.

FEES (including VAT)
Fees include course manual, tea and lunch
- R3 250 for SAICE Members
- R3 600 for Non-SAICE Members

In line with the academy's philosophy, presenters are available to offer support to candidates after the course. Please contact us to find out more about these support options.

In-house courses for a reduced fee per person are available. Contact Lizélle at lizelle@ally.co.za for further information.

candidate academy
the road to registration – tower above the rest

The Candidate Academy's philosophy is to support candidates on their road to registration with ECSA, by helping them through the transition from theoretical training to the 'how' of engineering projects and processes. The Academy offers practical, hands-on training relevant to experiences in the workplace.
